

Year 3 Curriculum map ~ Autumn 1 2026

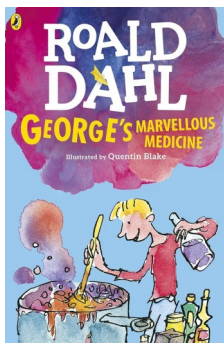

Welcome back!

Welcome to Year 3! I hope you have all had a fantastic Summer and are now ready and rested for the term ahead. We have lots of exciting new things we get to do now that we are in Year 3, such as learning French and playing the recorder.

English

Our first text in English for Year 3 will be George's Marvellous Medicine, we will be building on what we have learnt in Year 2 to write a paragraphed description about George's Grandma.

DT

DT this half-term is our textiles unit. We will be recapping our running stitch skills, learning how to cross-stitch and creating our very own cushions.

Computing

In computing we will be thinking about the topic of networks and the internet. We will follow the journey of a file and a website and go on a network safari to discover the different components of our school network.

PE

In PE this term we will be developing our football skills, including toe taps, dribbling, passing, shooting and tackling.

Things to remember:

Children's reading books will continue to be changed weekly so please ensure your child brings their reading books to school and read at home when you can. Homework and spellings will be sent home on a Friday or Monday. Our weekly spellings test will now be on a Friday but any other homework can be returned on the Monday still when new homework is sent home. Music lessons will be on a Wednesday and we will often use the recorders in these lessons. Our PE days will now be on a Monday and a Wednesday, if you are able to take earrings out at home on these days then please do, if not please send in tape for your child to put over their earrings in school.

PSHE

In PSHE we will be thinking about our families and the positive things they bring to our lives. We will also consider the importance of rules.

RE

In RE we will be learning about Judaism and Jewish stories such as the stories of Noah, Abraham and Moses and how these shape the beliefs and practises of Jewish people. We will look what happens inside a synagogue and find out about Passover traditions.

Science - Skeletons and Movement

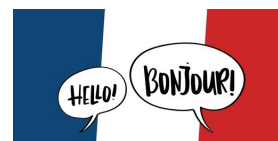

This term we will be analysing and categorising different sorts of skeletons that animals have and why skeletons are important. We will also consider how our joints and muscles help us to move.

History/Geography

In our history topic this term we will be focusing on The Victorians. We will consider the changes that happened in transport, communication and industry and reflect on how these changes have impacted our lives today.

French

In French we will learn how to say basic greetings.

Maths

In Maths this term we will start with the topic of Place Value, representing and partitioning numbers up to 1000. Then we will begin our addition and subtraction topic, starting to think about efficient ways of completing different calculations. We will continue developing our times table knowledge of our 2s, 5s and 10s.
